Professional Summary

Recent B.C.A graduate in Computer Science with strong foundation in Data Analytics. Familiar in Cleaning and analysing Raw Data through academic projects and internships. Seeking an opportunity to leverage technical expertise in Data Analyst Role.

Technical Skills

- **Programming & Analysis:** Python, SQL, Pandas, NumPy, Matplotlib, Seaborn, Statistics, EDA
- **BI & Visualization:** PowerBI, DAX, Tableau, Excel
- **Database & Cloud:** Microsoft SQL Server, MySQL, Snow Flake, AWS, Azure
- **Tools & Platforms:** GitHub, VS Code

Education

Bachelor of Computer Applications in Computer Science
(Krishna Chaitanya Degree College)

09/2022 – 09/2026

Projects

Super Store Analysis

GitHub Repository: [<https://github.com/Iamgnani/End-to-End-Data-Analytic-Project>]

- *Technologies Used:* Microsoft SQL+Python+PowerBI
- *Performed end-to-end sales data analysis, from data cleaning and transformation to visualization and business insights.*
- Used **SQL and Python** to analyze sales, profit, orders, customers, products, categories, and regional performance.
- Developed an interactive **Power BI dashboard** with KPIs, trends, category analysis, regional performance, and product-level insights.

Student Depression Analysis

GitHub Repository: [<https://github.com/Iamgnani/Sql-Tableau-Project1>]

- *Technologies Used:* Microsoft SQL+ Tableau
- Cleaned and analyzed student-related data using **Microsoft SQL Server**.
- Used SQL queries involving **aggregations, GROUP BY, CASE statements, JOINS, subqueries, and analytical functions**.
- Created an interactive **Tableau dashboard** with KPIs, charts, filters, and analytical views.

Student Fee Management System

GitHub Repository: [<https://github.com/Iamgnani/student-fee-management-app>]

- *Technologies Used:* Python+MySQL
- Developed a desktop-based student fee management application using **Python, Tkinter, and MySQL**.
- Implemented student record management, fee tracking, database connectivity, and CRUD operations.
- Designed a user-friendly GUI for managing student and fee information.

Professional Experience

Technical Support Executive

10/2025-06/2026

[InEnergizer], [Chennai,T.N]

- Prepared and maintained **Excel-based reports and KPI tracking** to monitor team and operational performance.
- Monitored key performance indicators and identified performance trends and variations.
- Supported reporting activities by maintaining accurate data and ensuring timely updates.
- Promoted to **Subject Matter Expert (SME) within 3 months** based on performance and process knowledge

Certifications

- Python Certificate from CAT Computer Point (04/2025)
- Data Analyst Boot Camp from **UDEMY** (09/2026)
- Python Statistics & Data Analyst from **HCL Guvi** (08/2026)
